

Mata School

Excellence through effort.

30.08.2019.

Kia Ora Whanau and Community,

This week has passed and with it hopefully, the wet weather has too. Onwards and upwards.

Principal Appraisal.

I am still currently involved in this and in two weeks my principal colleagues will be here to carry on with my appraisal.

Road Safety.

Yesterday we had our final sum up of our Road Safe Unit. It has been fabulous hear the children korero about what they have learnt and seeing it in action as well.

Cancer Society.

So far our tamariki have collected approximately 10 buckets of daffodils for the cancer society.

Cross Country.

Our tamariki have been doing some brief training for this upcoming event at Hatea a Rangi. This will be in a couple of weeks.

Hiruharama.

Next wednesday is our Hiruharama day. **Our tamariki will need their running shoes as they will be participating in the Hiruharama Cross Country** event if it is fine. If it is wet, the day will become a normal school day.

Wearable Arts.

Our tamariki have been entered into the Wearable aArsts event being run by Makarika School. They will begin their creations in the coming week. I may send home a panui asking for resources to help with the children's projects for this event.

Dad's Day 2019.

In the past this was a day where Dad's came to school for the whole day and did an activity with small groups of students. Today, we all shared in the delights of Dad's day again and I am very thankful to those dads who were able to commit to this event here at school today. Thank you from Koka Donna and Myself. It tied in well with Father's Day which is this weekend.

Well Whanau,

That's about it for this week. Take care and nga mihi nui koutou,
Koka Donna, Koro Max and Dave.

Principal: Dave Jane.
